

Make your own poppy

You will need: two 12cm squares of red paper; a small piece of black paper or card; a green (or painted) pipe-cleaner; glue; scissors.

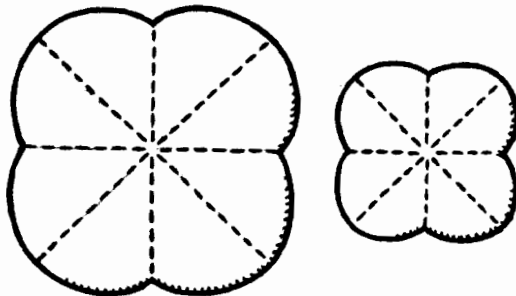

- 1** Fold the two squares of red paper into quarters, then diagonally into eighths.

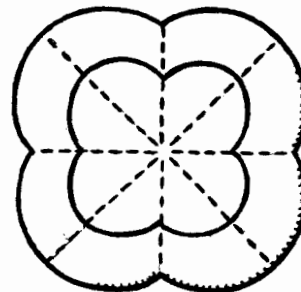

- 2** Draw curved lines on the two folded squares. Make one bigger than the other.

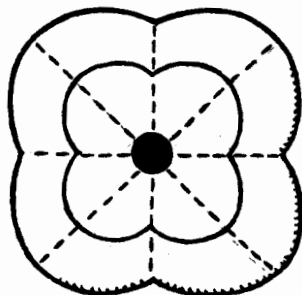

- 3** Cut the folded squares along the lines. Unfold the shapes.

- 4** Glue the smaller shape inside the larger shape.

- 5** Cut a small circle of black paper or card and glue in the centre of the circle.

- 6** Glue or tape the pipe-cleaner to the back of the flower.
