

We have been learning to match the character names with their pictures. Please continue to play this matching game at home. Little and often works better than spending 30 minutes once a week.

Floppy

Floppy is a clever dog. He is called Floppy because he looks floppy and flops down to sleep when tired. He often gets muddy and likes to chase cats. Floppy carries 'The Magic Key' on his collar but would rather be burying a bone or having a nice snooze than going on adventures; he knows there will always be trouble, with a capital T!

Kipper

Kipper is five years old and the baby of the family. He is very mischievous and is always getting into scrapes. He has a good imagination and loves the world of make believe. He takes his teddy bear 'Teddy' everywhere with him.

Biff

Biff is seven years old, like her twin brother Chip. She has good ideas but is sometimes bossy. She is an action girl but can be very clumsy; if there is a hole to fall into, she will fall into it!

Chip

Chip is seven and Biff's twin brother. He is quieter and more cautious than the others but is good at stopping their quarrels. Chip likes to take time to think about a problem. He is artistic and funny.

Dad

Mum calls Dad the 'fourth child of the family'. He's always messing about and loves practical jokes. Things often go wrong for Dad and he's a bit of a bodger around the house, but he's great at telling stories and organising games.

Mum

Mum is the practical one of the family; if something needs fixing she is the one to do it whether it's unblocking the sink or building a new shed. She is patient and kind and can tell if any of the children are unhappy. Mum can often sense trouble coming before it happens!

Just a few facts about the characters so you can talk about them with your child.
