

**The longboat's story.**

Brave, courageous, fearless

The waves tower above her

The rain batters her body like bullets from a gun

But still she battles on.

Focused, determined, strong

The sun melts her skin

The cold bites at her insides like a ferocious dog

But still she soldiers on.

Focused, determined, strong

The sun melts her skin

The cold bites at her insides like a ferocious dog

But still she soldiers on.

Loyal, caring, selfless

The lightning strikes her mask

The tornado wind whips her to and fro like fragile tree

But still she pushes on.
