

Viking Longships by Jake and Lily-mae

What were they for?

The Viking longships are for raiding and war.

How did sailors find there way?

Vikings usually sailed close to the coast watching the land marks.

What was there sail like?

A Viking ship had a large square sail made of woven wool.

How were they built?

They were made from planks of oak wood joined together.

Where can you see them today?

You can see two viking long ships in a museum in Oslo, in Norway.
