

## PARKFIELD PRIMARY SCHOOL

### RECEPTION DINNER TIME DROP IN FEEDBACK

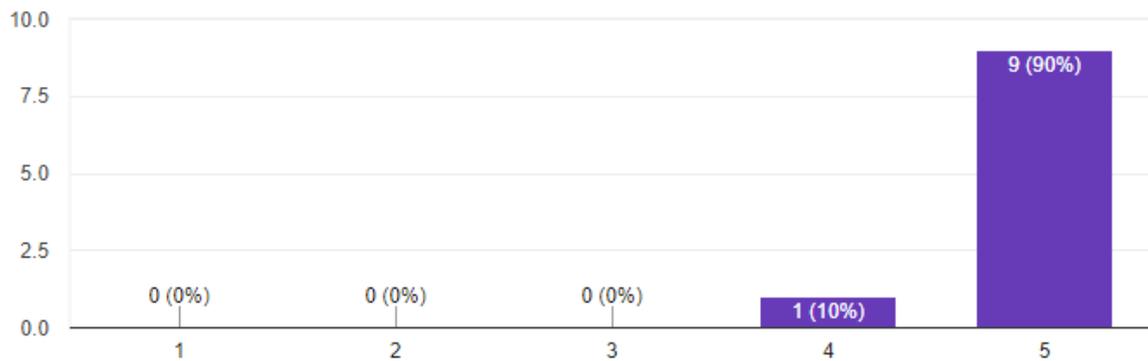

SEPTEMBER 2019

Thanks to the 30 parents that accompanied their children over the first three dinner times at Parkfield. This was the first year we had tried this initiative and we hoped that it would support your child's transition into Parkfield and also give parents the opportunity to see what dinnertimes were like at Parkfield.

Thanks to the 10 parents that responded to the questionnaire.

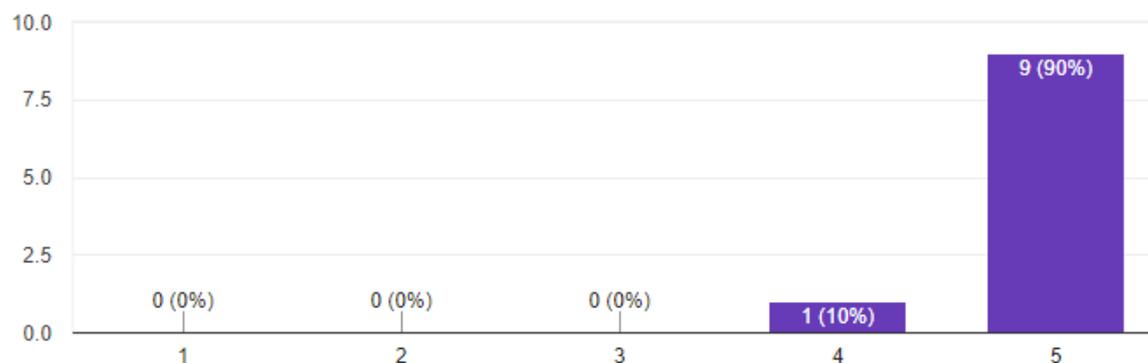

#### How much did you enjoy the drop in?

## What did you like about the drop in? 7 responses

I really enjoyed the drop, it was nice to see how lunch time works and how helpful the staff and teachers are toward the children.

Great to see the lunchtime routine and what the children do

Got to see how my children interact in school

Teachers very approachable and could answer all questions asked

Being able to see your child in the school environment and how lunchtime is organised, you can then talk through the process with your child afterwards.

I got to see how lunchtime works, taste the great quality food also got to mix with other parents which is great as when my eldest started I knew no body. Such a brilliant idea and very well organised even with it being the first time doing this. Will also say I actually couldn't believe how tasty the food was.

To look around the layout of reception. My child loved to show me around all the different areas. Get the chance to speak to the staff working in EYFS .

## What could we do in future to improve the drop in? 2 responses

Not an improvement for the drop in as such. I think it would be a nice idea for the first few weeks of a school starter to pair up a year 6 with a reception child for lunch, to walk them through the process and build up their confidence.

**SCHOOL RESPONSE:** [This is a lovely idea and something we may consider in the future.](#)

There's nothing I could suggest I thought it ran smoothly. Very well done to all the staff so helpful. Great to know my boys are in great hands at lunchtime as well as the classroom.
